The manufacturing date of this product is determined according to the following coding system:

How to read the "Date of Manufacture Wheel": The month of manufacture is the "right wheel" (above), located on the bottom left side of the PFC. The day of the month is the "left wheel" (above), located on the bottom side of the PFC. The year of manufacture is the abbreviated year within the "right wheel". To read the date, find the numbers closest to the line adjoining the two wheels. In this case the date of manufacture is "08-31-07".

Testing was done in accordance with the Child Resistance requirements of ASTM 2517-05. Testing dates are:
